

CENTMARDE J. CAMPADO

Senior Full-Stack Developer & Remote Engineering Specialist

Open to Global Remote

Email: centmarde.campado@gmail.com • Mobile: (+63) 963-349-0312 • Location: Butuan City, Philippines (UTC+8) •

Timezone: Flexible Overlap (US, APAC, EU)

PROFESSIONAL SUMMARY

Senior Full-Stack Developer with extensive experience architecting and shipping multi-phase enterprise applications, scalable relational databases, and high-performance user interfaces. Proven track record collaborating asynchronously in distributed, overseas engineering environments (US-based clients). Specialist in developing type-safe web frontends with **React.js**, **Vue 3**, and **TypeScript**, combined with robust backend and cloud systems utilizing **Django**, **Supabase**, **Laravel**, and **PostgreSQL**. Experienced in designing RPC communication protocols, executing zero-downtime data migrations, and mentoring junior engineering teams through rigorous Git PR reviews.

CORE COMPETENCIES & REMOTE TECH STACK

Frontend Engineering

React.js, Vue 3, TypeScript, JavaScript (ES6+), State Management (Pinia/Redux), HTML5/CSS3, Figma-to-Code

Backend & Cloud Architecture

Django (Python), Supabase (BaaS, Auth, Edge Functions), Laravel (PHP), Custom RPC Protocols, REST APIs, Laravel Sanctum

Database & Data Engineering

PostgreSQL, Supabase Database, Legacy Data Migration, Relational Modeling, Query Optimization, Real-time Subscriptions

DevOps, Tools & Methodologies

Git Version Control, Pull Request (PR) Reviews, Cron Task Automation, Jira Agile Sprints, Mobile Stores (Play & App Store)

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer — Vincare Pharma (IT Department)

Apr 2024 – Jul 2026 | Butuan City, PH

- Multi-Phase Architecture & Delivery:** Spearheaded the technical architecture and multi-phase production rollout across Phase 1, Phase 2, and Phase 3 of core enterprise software systems.
- PostgreSQL Migration & Optimization:** Engineered and completed a data migration plan from legacy systems to a unified PostgreSQL database, preserving absolute data integrity while accelerating high-volume data retrieval.
- Custom RPC & Scalable Protocols:** Designed and integrated custom RPC protocols to optimize data transmission speeds between frontend layers and backend database microservices.
- Team Mentorship & Code Review:** Managed daily sprint task allocations and conducted rigorous PR code reviews for a team of 3 junior developers to enforce clean code conventions and deployment reliability.

Technical Staff / Full-Stack Developer — Czarles Construction and Supplies

Aug 2019 – Oct 2020 | Butuan City, PH

- Cross-Platform Application Deployment:** Partnered closely with senior engineering and mobile developers to release Phases 1 & 2 across Web, Google Play Store, and Apple App Store.
- Full-Stack Sprint Execution:** Engineered reactive web user interfaces and integrated backend services, consistently meeting weekly agile sprint targets and performance criteria.
- Agile Team Collaboration:** Contributed to sprint planning, architecture reviews, and peer code reviews ensuring software stability and deployment readiness.

Junior Developer (Remote / Overseas) — Capsoft (formerly Tidal Swing)

Oct 2016 – Apr 2018 | USA (100% Remote)

- International Cross-Platform Platforms:** Developed core features and UI modules for two major production systems: *RealD2D* and *Luxlights*, collaborating asynchronously with a distributed US-based team.
- API Security & Automation:** Configured Laravel Sanctum tokenized authentication across endpoints; automated background tasks and data operations using scheduled Linux Cron jobs.
- Real-Time Data Integration:** Implemented real-time data feeds and dynamic updates to enhance platform interactivity and overall end-user experience.

EDUCATION & ACADEMIC HONORS

Bachelor of Science in Information Technology (BSIT) • Caraga State University	Class of 2026
Academic Distinction: Consistent Dean's Lister • Focus on Modern Software Engineering, Full-Stack Architecture, and Cloud Systems.	

LEARNING & DEVELOPMENT – COMPLETE CERTIFICATION RECORD 24 Accredited Programs

PROGRAM / CERTIFICATION TITLE	ISSUING AUTHORITY / ORGANIZER	DATE	HRS
Advanced Level of Software Engineering	DICT (Department of Information and Communications Technology)	Apr 17, 2024	8
Basic Level of Software Engineering	DICT (Department of Information and Communications Technology)	May 07, 2024	8
Capacity-Building Bootcamp for Hack4Smarter Butuan: AI-Enabled Innovation	DOST (Department of Science and Technology)	Jul 21–22, 2025	16
Capacity-Building for Startup Growth: Angel Funding Pathways	DOST (Department of Science and Technology)	Oct 27, 2025	8
Training on Gemini for Workspace (AI Productivity)	DICT Caraga Region 13	Oct 08, 2025	8
Developing Virtual Reality Games Using Ateneo VR Escape	Ateneo De Manila University	Jun 03–05, 2025	8
Design Thinking Process	DICT Caraga Region 13	Oct 17, 2025	8
Basic Level of Cloud Computing	DICT (Department of Information and Communications Technology)	Mar 16, 2024	8
Introduction to Android Application Development	DICT (Department of Information and Communications Technology)	Mar 11, 2024	8
Digital Innovation in Government	DICT (Department of Information and Communications Technology)	Apr 13, 2024	8
Functional Composition in Software Architecture	DICT (Department of Information and Communications Technology)	Apr 06, 2024	8
Principles of Web Development	DICT (Department of Information and Communications Technology)	Mar 15, 2024	8
Basic JavaScript for Web Development	DICT (Department of Information and Communications Technology)	Mar 25, 2024	8
Introduction to JavaScript	SoloLearn (Hyeva Hyusan)	Mar 18, 2024	8
Java Intermediate Course	SoloLearn (Hyeva Hyusan)	Apr 21, 2024	8
Introduction to Java Course	SoloLearn (Hyeva Hyusan)	Apr 21, 2024	8
Using HTML and CSS to Design a Website	DICT (Department of Information and Communications Technology)	Mar 15, 2024	8
Introduction to CSS Course	SoloLearn (Hyeva Hyusan)	Jan 24 – Apr 21, 2024	8
Developing a Static Website	DICT (Department of Information and Communications Technology)	Apr 02, 2024	8
Basic Building Blocks of the User Interface	DICT (Department of Information and Communications Technology)	May 18, 2024	8
Principles of Design & UI Aesthetics	DICT (Department of Information and Communications Technology)	Mar 16, 2024	8
Trends in Art and Digital Design	DICT (Department of Information and Communications Technology)	Apr 04, 2024	8
Canva for Graphic Design & Digital Assets	DICT (Department of Information and Communications Technology)	Apr 02, 2024	8
Digital Transformation 101: Reimagining Business	DICT (Department of Information and Communications Technology)	Jul 30, 2024	8

STARTUP & INNOVATION AWARDS

- **Champion:** Regional Philippine Startup Challenge 10 (PSC 10)
- **4th Runner Up:** National Philippine Startup Challenge 10
- **Sustainability Trailblazer Award:** Philippine Startup Challenge 10
- **Special Award for Game Development:** PSC 10
- **2nd Placer:** DOST elev8PH Startup Challenge (Student Category)
- **3rd Placer:** NSTW Level-Up DOST Esports Game Dev Challenge
- **6th Placer:** DTI Philippine Young Creatives Challenge 3 (Game Dev)

AFFILIATIONS & TOOLKITS

Professional Memberships:

CSU-Cohort 9 Incubates

CyberCraft PH

Society of IT Students

Agri-Aqua Tech Incubator

StartUp Village

Huawei ICT Academy

Game Developers Assoc. PH

Specialized Toolsets & Workflows:

Git CLI, GitHub Flow, Jira Sprint Boards, Figma UI/UX, Godot & Unity Engine, Linux/Cron Daemon, Photoshop CS6, Asynchronous Slack/Discord Standups.
